Training for Providers:

An annual CPD programme is available for all providers on the Framework Agreement. The focus of the training sessions is directed by both provider feedback and/or from common issues picked up by the 11 -19 Quality Manager during the year. Wherever possible, training is offered free of charge to providers. On occasion we may have to pass on a charge to providers, but we will try to ensure that this is kept to a minimum.

All the training events below will be advertised by letter and a booking form sent in advance. If your organisation has not received advanced notification, please contact amrat.soor@leeds.gov.uk

Training for schools:

Schools, SILCs and PRUs are invited to an annual off site learning co-ordinator event which is aimed at updating schools staff on processes and procedures involved in educating learners off site and an opportunity to feedback back on provision. This date is included on the school calendar and the date for the next one is 29 June 2012.

Should there be any changes in responsibility of school staff for this area of work, please send details to amrat.soor@leeds.gov.uk
